Personal Impacts, Ways You Can Help

This workshop provides personal stories from those who are impacted by the drug crisis in our area. This is not all about hopelessness, but provides a way to see how to help be involved in solving this terrible plague of our community. Don't want to be a victim? Then be a part of the solution for those who are affected by the disease of drug addiction.

Speakers in a panel-style conversation will each share their own perspective and then dialog together in answering your questions

Coroner Jerry Overman, Dan Christy of Citizen's Ambulance, Detective David Rostis of the Drug Task Force, Donna Weckerly, Karen McMillen, Val Young, and others.
